Email 1: Requesting an Assignment Extension

Subject: Request for Deadline Extension: Digital Literacy Case Study – Abhinav K Manoj 25BCE11385

Dear Professor,

I hope this email finds you well. I am writing to kindly request a brief extension for the Digital Literacy Case Study, currently due on March 31st, 2026.

I have completed the primary analysis and structured my arguments; however, an unexpected overlap with another major project deadline has left me with limited time to finalize the reflection sections to the standard I aim to maintain in this course.

I would be grateful if you could allow me to submit my PDF report on the VITyarthi portal by Thursday, April 2nd. I believe those additional two days would allow me to deliver a submission that truly reflects the effort and depth this assignment deserves.

I completely understand if this is not possible given the grading schedule, and I am prepared to submit my current progress by the original deadline should that be required.

Thank you for your time and consideration, Professor. I sincerely appreciate your understanding.

Warm regards,

Abhinav K Manoj

First-Year Engineering student

Email 2: Expressing Interest in a Summer Internship

Dear Internship Coordinator,

I hope you're doing well. I'm writing to express my genuine interest in the Summer Software Engineering Internship at GenTech, as advertised on your university outreach portal.

I'm currently pursuing a B.Tech in Computer Science and Engineering, with hands-on experience in Python and Java. I've been channelling these skills into real-world projects, with an active and growing portfolio on GitHub that reflects my commitment to continuous learning.

I care deeply about writing clean, ethical, and well-documented code — and I understand how communication and accountability shape great teams. What draws me to GenTech is your reputation for tackling meaningful problems and genuinely investing in early-career developers.

I've attached my resume, and my portfolio links are included below. I'd love the chance to discuss how my skills and enthusiasm can add value to your team this summer.

Thank you for your time and consideration.

Best regards,

Abhinav K Manoj
